

Are you hoping to become a distinguished **WBP Constable** in 2024? This blog is just the thing for you! We're here to help you learn the WBP Constable Important Topics 2024, a thorough set of pertinent information that will enable you to do well on the test. We cover all the essential topics for your **WBP** Constable training, from grasping General Studies to comprehending the nuances of Reasoning and perfecting your Physical Efficiency abilities. So gather your study tools, focus your will, and be ready to confidently confront the WBP Constable Important Topics 2024!

## WBP Constable Important Topics 2024 - Overview

The selection process for WBP Constable involves several stages designed for thorough evaluation. It commences with a Preliminary Written Test, which acts as a screening examination. Upon clearing this stage, candidates proceed to the Physical Measurement Test (PMT) and the Physical Efficiency Test (PET). Following successful completion of these physical assessments, candidates advance to the final stage i.e. the Interview. Below, an infographic offers a comprehensive summary of the preliminary examination.

## WBP Constable Important Topics 2024 - Written Examination

The WBP Constable Exam is a significant milestone for those aiming to join the state police force as constables. Success in this exam demands a thorough understanding of the fundamental themes outlined in the syllabus. This guide will highlight the most crucial topics for the WBP Constable Exam 2024, equipping you with the knowledge necessary to approach this challenging examination with confidence and proficiency.

The Written Test consists of multiple-choice questions (MCQs) and serves as a qualifying stage. Marks obtained in this test will not contribute to the final merit list. The question paper is available in Bengali and Nepali languages. As mentioned earlier, the preliminary examination covers three subjects:

1. General Awareness and Knowledge
2. English
3. Elementary Mathematics (Madhyamik standard)
4. Reasoning and Logical Analysis

Below, we present an infographic detailing the WBP Constable Important Topics 2024 for each of these subjects:

| Reasoning and Logical Reasoning                                                                                                                                                                                                                                                                                                                                                                                               | General Awareness and General Knowledge                                                                                                                                                                                                 | Elementary Mathematics                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         | English                                                                                                                                                                                                                                                                                                                                                                                                                  |

| Mixture and Alligation       | 0-1       |
| Sequence and Series          | 0-1       |
| Pipe and Cistern             | 0-1       |
| Averages                     | 0-1       |

## WBP Constable Important Topics 2024 - Exam Pattern

Understanding the WB Police Constable exam structure is like having a customized roadmap for your journey. It's crucial as it facilitates effective preparation, offers clear guidelines for readiness, and enhances confidence during the actual exam. Let's simplify and tailor the WB Police Constable exam pattern specifically for you.

The WB Police Constable Exam consists of four primary stages:

### 1. Written Examination (85 marks):

- The written exam includes 85 multiple-choice questions with a total score of 85 marks.
- There is a penalty of 0.25 marks deducted for each incorrect answer.
- No marks are deducted for unanswered questions.
- The exam is conducted in Bengali and Nepali languages.
- You will have 1 hour to complete the exam.

### 2. Physical Measurement Test (PMT):

- Based on your Written Examination score, you will qualify for the Physical Measurement Test (PMT), which is of qualifying nature.
- PMT evaluates physical standards such as height and weight using electronic machines. Male candidates undergo chest measurements with a measuring tape.
- Qualifying in PMT allows participation in PET.

### 3. Physical Efficiency Test (PET):

- Upon qualifying in PMT, candidates proceed to PET.

### 4. Interview (15 marks):

- Candidates who qualify in PET are invited for an Interview.
- The West Bengal Police Recruitment Board determines the procedure, date, time, and venue for the Interview.
- The Interview assesses general awareness, suitability for public service, and proficiency in Bengali/Nepali language speaking, reading, and writing.
